## ALASKA AWARD HOTLY DISCUSSED IN CANADA

Sir Wilfrid Laurier Regrets Living Alongside the United States.

OTTAWA, Ont., Oct. 24.—In the house of commons yesterday, Mr. Bourassa made a speech on the Alaska boundary award, supporting the American contention and agreeing with Lord Alverstone.

Mr. Borden, leader of the opposition, declared that Canada should have withdrawn from being a part to the treaty once it had seen the character of the tribunal.

Sir Wilfrid Laurier, in reply, spoke with some feeling. He said that the position of Mr. Borden was somewhat severe on the chief justice of England.

He said he would lay all the correspondence before parliament next session, no matter what protests came from abroad. He also regretted that Canada had no treaty-making powers. More than once he had expressed his regret having to live alongside a grasping and powerful nation like the United States. He suggested the building of an All-Canadian railway to the Yukon gold fields.

## SIGNOR GIOLITTI MAY BE ITALY'S PREMIER

ROME, Oct. 24.—As the health of Signor Zanardelli, who resigned the Italian premiership last Wednesday, is far from satisfactory, King Victor Emmanuel walked yesterday from the Quirinal to the former premier's residence to pay him a visit. In a conversation with the king, which lasted an hour and a half, Signor Zanardelli suggested Signor Giolitti, former minister of the interior, as his successor, and later the king charged Signor Giolitti with the formation of a new cabinet. Signor Giolitti asked for a few days in which to consult his friends before accepting definitely this task.

## STEEL KINGS ONLY IN GERMAN TRUST

BERLIN, Oct. 24.—According to latest plans, the German Steel Trust combination will consist of only the largest steel producing firms in the country, and will not include, as was at first suggested, all the steel producing concerns, irrespective of size. This has caused a great deal of anxiety among the class of smaller producers, who foresee that they will be completely under the domination of the coming trust, without having the advantages, which they had expected, of belonging to it. In consequence the smaller producers are now getting together with the object of trying to organize themselves in such manner as to force the Steel Trust to incorporate them.

## CONFLICTING STORIES TOLD BY TRAINMEN

TRENTON, N. J., Oct. 24.—Evidence submitted yesterday at the coroner's inquest held to fix responsibility for the Pennsylvania Railroad wreck, in which seventeen men were killed at Washington's Crossing, was conflicting in character, and there was a suggestion that failure to observe usual precautions and possibly a misunderstanding of orders were responsible for the disaster. There was but five minutes between the two trains. Jacob Saums, a brakeman, was sent back from the workmen's train to stop the one behind. He said that he carried no signal, but the object of the track. He said that about 1,000 feet from the standing train he signaled the engineer of the moving train. He used, he said, a red lantern.

## PARKS ALLY ACCUSES FORMER MAGISTRATE

NEW YORK, Oct. 24.—In an affidavit presented in Judge Foster's court yesterday Bernard Lynch, a saloonkeeper, swore he committed perjury in the Sam Parks case, and that he was advised to commit the perjury by former Magistrate Henry A. Brian and several labor men. Lynch had been convicted of perjury and submitted the affidavit admitting his guilt, with the hope that it would secure him clemency. He was successful, and he and Henry Farley, the walking delegate, who also admitted committing perjury, will be used as witnesses in the trial of Sam Parks, who is in the Tombs on the charge of perjury.

## MME. REJANE REGRETS SCANDAL OF DIVORCE

PARIS, Oct. 24.—Preliminary to the hearings of the divorce suit brought by Madame Rejane against her husband, M. Porel, her manager and director of the Vaudeville Theatre, and the counter suit brought by M. Porel against Madame Rejane, the pair appeared before Judge Ditté yesterday for the usual judicial effort to effect a reconciliation. Only a few minutes were necessary to show the judge that neither was inclined to relent. Madame Rejane said: "I have done nothing that could have given a motive for the violence of which I have been the victim. I struggled as long as possible to avoid a scandal."

## PREFERRED DEATH TO EXILE

SOUTH BERWICK, Me., Oct. 24.—Rather than leave the old home, where he had spent the thirty-five years of his life, and where his father and grandfather before him had lived and died, and which had been sold over his head, George W. Ford tonight put a bullet in his brain and fell dead at the feet of the new owner, who had come to take possession.

## DEFENSE OF SCHWAB IN SHIP CASE HINTED

NEW YORK, Oct. 24.—Lewis Nixon, former president of the United States Shipbuilding Company, was cross-examined by William D. Guthrie, counsel for Charles M. Schwab, at yesterday afternoon's hearing, before United States Examiner Oliphant, into the affairs of the shipyard trust.

The nature of the defense which Mr. Schwab will make to the charges against him in connection with the financial affairs of the wrecked shipbuilding company was sharply outlined in the afternoon.

## WHITES NEED SCHOOLS MORE THAN INDIANS

LAKE MOHONK, N. Y., Oct. 24.—The leading address of yesterday's session at the Mohonk Indian conference was made by E. B. Henderson, of the Indian Bureau. The white population of the Indian Territory, the speaker said, was at a lower moral and intellectual status and more in need of schools and other institutions of civilization than the Indians. The present population of the Indian Territory was said to be about 600,000 whites and 80,000 Indians, and the children of the whites have fewer advantages now than the Indian youth, and are growing up in gross ignorance and vice.

## PRISONER ESCAPES FROM CHAIN GANG

WILMINGTON, Del., Oct. 24.—Jackson, alias "Butch" Walker, a negro convict who is serving a life sentence in the county workhouse at Greenbank, escaped yesterday morning, but was recaptured. Walker was with a gang of thirty-two other prisoners going from the workhouse to the quarries. Some time after the men had been put to work his absence was discovered. He was captured below New Castle. The prisoner, who is not quite right in his mind, killed Daniel Mulvey, seventeen years old, by striking him with a stone during a parade.
